

UNAPPROVED PARTS NOTIFICATION

Aircraft Certification Service

FAA
Aviation Safety

No.: 2012-20111122003

Date: June 25, 2012

<http://www.faa.gov/aircraft/safety/programs/sups/upn>

AFFECTED PRODUCTS:

Traffic Alert and Collision Avoidance Systems (TCAS) (i.e., TCAS II, TCAS 2000, TCAS 3000, TCAS 3000SP), Traffic Alert and Collision Avoidance Systems/Terrain Awareness Systems (i.e., T2CAS) and transponder (i.e., Air Transport Data Link (ATDL) and Identification Friend-or-Foe (IFF)) units produced by Aviation Communication and Surveillance Systems (ACSS).

PURPOSE:

The purpose of this notification is to advise all aircraft owners, operators, manufacturers, maintenance organizations, and parts distributors regarding suspected unapproved component parts incorporated into TCAS and transponder units.

BACKGROUND:

Information received during a FAA suspected unapproved parts investigation (SUP), confirmed that ACSS shipped TCAS and transponder units with suspected unapproved component parts between early 2009 and 2012 in the units listed below. ACSS is located at the physical address: 19810 North 7th Avenue, Phoenix, AZ 85027.

RECOMMENDATIONS:

Regulations require that type-certificated products conform to their type design. Aircraft owners, operators, maintenance organizations, and parts distributors are encouraged to inspect their aircraft, aircraft records, and/or parts inventories for unapproved TCAS and transponder units installed on aircraft. Appropriate action should be taken in accordance with ACSS Technical Newsletter (TNL), Document Number 8008704, Revision A, dated June 20, 2012, which is available on the ACSS customer services website at: <http://www.acsscusterservices.com/CustomerServices/>

FURTHER INFORMATION:

You can obtain further information concerning this investigation, and guidance regarding the above-referenced SUP from the FAA Manufacturing Inspection District Office (MIDO) listed below. In addition to compliance with the above recommendations, we would appreciate any information concerning the discovery of ACSS TCAS and transponder units from any source, the means used to identify the source, and the action taken to remove them from service.

This notification originated from the FAA Phoenix MIDO, 17777 N. Perimeter Dr., Suite 103, Scottsdale, AZ 85255, Telephone (480) 419-0330 Ext. 244, Fax (480) 419-0880.
